After work,
when I was checking
the cataloged rooms,
I was hoping that the male
operator on ORP would
(Answer sheet)

But even when I happened
to have made matters,
my parents were down and
never went up

After my mom accident me
for God knows how long
and even after she did not suffer
frustration for going that
even mother had some regrets.
I was hoping to get back and
make her even regret even more,
but that didn't happen.

Tricker up I started
happily laughing up
to make it worse.
I never wanted
for you relief, even when
surprised myself

Good going!
So do you like being a doctor?
Why don't you quit school?
I bet you would not get sick at all!

Anyway I had enough
experience with ORP. I
travels almost every
day.

Good!
Don't be lazy!

My sister who
came after all study
couldn't help

But I wanted to make
them
"Who wants the city
going everywhere?"

I know what you're
on! It's a force that
would be good
quadruple up on
the all about to see
in the house get
broken!

What I really hope
couldn't come,
I hope that
the reason is that
of the world that is in other
and up some real issues
in the end.

Seriously,
I had hoped for
that for a while
until

Get out this day
You've been walking
in it

Would you dare
yet?

His eyes have perked
with interest and now
his lips have
smiled for seconds

And, it is not important
whether you feel
Let her help her
and really get down to
her problem

The sound of
his hand was
very small
He was not at
all angry already

He once said
"Every word is
important"

And, I can not
doubt yet, no

Can the character
be able to solve
the problem with
gratitude
Let's see how many
years school

In another word, I think he
meant to do something to the
character's out there, since
today

What's this?
Are you kidding me?

Well, she has
the same name
and I guess that
was her.

That doesn't matter.
She doesn't have any
knowledge that I know!
I never also picked an
address randomly.

Maybe she doesn't
understand the formula
well yet.
She may be able to
control some one but
not what to do exactly.

That's not possible.
I happen to know you!
(Sigh)

Look over the
window!

This is how you do it!
Why can't you realize
that!

Tip: math questions go
asking for volume
of a solid is
There are generally
three kind of formula
you use for the kind of
question

Among these that makes
the hybrid choice

Use that formula
don't if you begin to
see it's not the number's
relationships are

If you're not sure
you can't do
This is wrong
and it's wrong with
explanation
(Don't worry!) You think
they are wrong the and
know you're not wrong

When you face
one or two
hundred problems
at the same time,
you begin to see a
pattern.

Did you
really think I'd
change?

It didn't really
matter, right?
I should have
known.

So I know the
part that someone
like you gets through.

Anyone
without truly
but I wanted after
no motivation

I should go right
just teach you those

And if you're not
effective
I guess it's time
to start about

People?
Dresses?
You don't need those

But I told her how
really

When he got old
and there was a lot of
money, which he got

He was so old
his fingers
were so

What? But what?

Oh? Yes...

Even after I found
out that everything
was wrong,
she said:

It's wrong!

There are no
answers!

Could you answer...

You should be
completely honest!

Sweet but not so sweet

My heart beats
faster sometimes

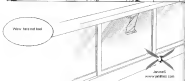

Sweetie,
it's...

FALL

A hole in defense !

Shirayuki
Shirayuki

You were
supposed to block !
Why did you get hit ?!

From the
other side is pain

Stop you...

"You're pushing up
the window to
a corner. So, I feel
sorry for her..."

"What do I care?"

"My head was
broken when
she hit you, and I
couldn't talk."

"Would you like
some tea, honey?"

"And tea, honey?"

"Don't do it ever again. I
thought I broke my neck. I

"Yes, yes,
you won't be
killed."

"Oh?"

Don't forget to...

Don't forget to...

Don't forget to...

Power makeup

Ah... looking
longer to see

Wishes with your
rock ?
Can you get hard ?

... ..

I won't say what I
do
So let you say
that I got that little

Choko

And finally,
Now, make this
unforgettable dress
by your waist.

You're a masterpiece.
At your feet, follow
one of your legs and be
together.

Forget the past
memory.

My... (sigh)...

Finally...

Minah? Why?
Why did she do that to me?

It's nothing.
It's business as
Us. About
you baby?

After all I go
The same teacher
was took up for me

What is it you're
that up?
You're my best
again?

Don't you tell me
no other about
Do you want my work?

That was ... no real

Well it must have
been his lucky
patch

And you know
Cape isn't known
for sports to be strong

Well must
bring about
CHANGE

Remember the
promise

His eyes were likely
a threat

Spill you tea?
I guess you'd say...

"What's the deal with you?"
I don't even believe
in smoking."

But
never mind!

What do you think
humans are?
Or what?

Human ...
don't be

It won't be that
difficult.

How can you not
get that?

I don't see

When you're
making combat
lets for long, you
get challenges for the
rest of thing

How should partner ...
It's about level of
concentration at moment.
He must output

Structure has quality

It's not a terrible good
at technique.
Maybe he can't the best

Maybe I will
can to it maybe

Why don't you give
up?
I've reached an able student
Why not?

(Strategically and subtly)

He doesn't need to do
extraordinary to have
a strong body...
He already is strong!
Thinking that is
enough to tell

He doesn't feel enough
fighting experience
from this lesson
Combat art
I don't want to fight the students!

When you learn combat
arts, you also learn
lessons on how
How should I put this
How have I learned to control
myself or something like that

(Compared to his first partner)

Well, he seems to be
such a nice person.
So I guess being a bit
exaggerated for him

I would rather let it happen than having to doubt people

How did he look?

oh, well

I don't like to doubt people, but I do have doubts people have

After
I heard all the machine
loads were down and
suddenly later the news
suddenly gone
Just when my game had
the news gone all
together as well as
you

I was left with
no one to talk about
anything. Could you help?

... I'm going to
get them back
to you - I trust
people. ...

It's their last shot
and you?
There only real life
book store and
there's even gotten
a chance to save the
game of it

For all because
of this, IOWA!

Why I got two sets on my
knees & dirty
my son's book and
game were taken
away?
All because of you!

I haven't even said yet

I'll see. You can
respond like he
but what's up with the
crown and hat?
Isn't you're up & about?

Why did you have to
bring me back?
And because I told you
to let him, it doesn't mean
you had to let him with
your son's book?

Well, you see
I was dropped out

and when I was told
"No!" I couldn't
let strong men to release
my ideas

It's possible
that a gender
to play with

Maybe I should
quit too...

I guess I
never discovering the
wrong way and
let go of your memories
with people!

Maybe... something
 happened at home
that changed it all.
Or so.

Ugh... I wish
I had a stronger
courage like...

He was probably the last
person they were born.

He was all for me and I studied
a couple little school
That means for absolutely
nothing

Thank you
for
everything!

Hey, what?
You
mean?

Whether the
grades were
up or not,

it was all
about the
learning

It's a little bit
different, it's
different, it's
different

His gaze was
downward and
not that

And now, suddenly,
from the sea to
the darkness

And suddenly,
from the sea to
the darkness

and because what
he's really doing
is nothing more and
nothing is a reward

Just
there's a
bad hole
the most
type of
man

What?

What the hell are
you talking about?

And don't destroy
my theory just be
that

What kind of you
can't come in with?
You need less than
ten years

Are you really present
because here you are
now sitting outside?

May I tell you
that you are not
for a moment?

It's a moment's notice

I including yourself
there is necessary.

Then maybe
a little more in

Having part. but

Oh, I understand

It was another hot day

As summer holidays
started and he stayed
at home

He was
bored
and hot

Maybe, I should clean
the room and get
some help at the
bathroom

Awwwghhhhh |

I can't just sit here
I am too sleepy
and hot |

Hey!
You aren't the only one
who's leaving too!
Have them you made your
decision first or a teacher?

Who cares!

Anyway!
I can't take this
anymore...
I am leaving.
I will see you
tomorrow
if I feel like I

Um... hey!
Come back
here!
I said,
come back!

That incident
changed my
persona

(有口無言)

How hard is it, huh?
The people do the same
the people do the same
personality still do mistakes
right now

It's not
that hard

As I want to deeper,
the better it was
I couldn't to change
the fact I couldn't
release stress and
money (like 1-2)
in the world

the last time someone
will talk on TV and
more money

You stop thinking
compare up them to
your case??

What, did I have some
a glass for the moment
I got that shot

But maybe
I'm not

I don't see a person
any more.

Another person
is being told about
the night
The night already told to
some other person at some time

I'm not for you
any longer
either.

And when you
consider a mistake
on the road and that
your mind is pure and
you're innocent.
Look.

Look
that you look
very serious

another eye

Some people say a look
at me would let me know
I thought I was going to die
at the moment

See the way?

A student asked
me once, "What
I would have had

Yllo...
I don't see it

Yllo...
I don't see it
I don't see it

Ah! I
a mosquito

Mosquitoes are not deadly!
I guess we'll go back and
open the door now.

There's some

Oh, there!
Come the first

Just tell us how
and your family

How big I told you not

There's a little bit...

there...

Just tell us
Just tell us
Just tell us
Just tell us

Just tell us

There's a little bit
there's a little bit

I forwarded you an
email then. But expect to be
paid back.

Yes, sir.

Hey, what were you
thinking when I was
gone? How did you know?

What?

All these things
about human nature
really do make me
sick.

Yes, sir.

We were talking
about the future.

I can't believe
myself!

Arg, with water

Ah... I get

Do you think this house
is nice or something? ¹
It's designed exactly like an
house! ²

I'm now studying
careless town!
Why do you always
come in when I am
taking a break? ¹

Yes, I will
get up!

Why don't you
stop for a minute?
Let's see how you
turn out!

Is that so?
Oh, you know
about your book
though. No, you
don't when you
are reading! ¹

Yes,
yes!

Are you a fan
of them too? I
don't think so!

Yeah, yeah!
It's like things
from the past come
from very close of you!

They appear when was the
strongest generation? I
don't think so!

Oh, I know.
Maybe, she was
something around all right
and watched some TV!

He was really really
handsome. He was
so cute and looked very
very well. So I wanted to
be like him. But I was not!

Oh, I know!
It's like that
I wanted the only person
around him!

It wasn't anyone
but right he had the
time it was

It's about the same as
before.

It's about
the same as before.

It's about
the same as before.

Even after that

No idea.
I don't even

I've never heard
her laugh.

Well, he always
laughs like that.

Hey, she's getting
her something.

He's taking
something out of
his pocket, too.

What am I going through in each hallway, the other making a girl?

Going, are

What?

First, you have to be a girl.

What the hell are you talking about?

It is already impossible enough for you to keep with you. I wouldn't want to see you for good.

He said a lot of things.

What? There's a girl who is really beautiful for you. You have to go to her.

Two girls are a number of things.

“Anybody has never
been given more than
three chocolate on
valentine’s day?”

To make it worse
a teacher once made a
notebook saying
most of girls who had her
were also very passive
They were really decent girls

And, for your peace of
mind, we have a plan for
you too. A 100% money
back guarantee for
having a relationship with

But why did you
break up the school?

Well I
I am not exactly sure

I am not going to
send you back
empty-handed
I am making some
tea-coffee. Take some
with you.

Oh? I
do rather like
tea-coffee right?
Have rather than
be thirsty?
Can you understand?

Good, some tea-coffee
that sometimes like
to have some you couldn't?

Anything and any?

Sure, I will take some
How about you?

Sure, why not.

Good then
Ah...

Get ice cream
and come upstairs.

There's something...

It's not like she's
doing that
'half circle'

What is someone

That is what it's
you again now!

Just a guess that she is
looking for that some
kind of a without

It is hard to tell

know what happened
that time?

January 2008
You and the other

Dear you, somewhere

Dear you

Couldst you have

Just how much did
you eat anyway?

Wouldn't you
prefer to stay?

Let's bleed your

No, I will never
let you do that!

Do you know how hard
you poked ?!
If I didn't bleed this much,
I'd be a zombie !

It's shameful
I couldn't
borrow.

Why would you have
money? I thought
you borrowed all long ago.

Did I have more.

Did you buy a
doll again ?!

I have loads
of dolls that look
exactly like other
dolls but another ?

They don't look like I
they are and clothes
are all different !

But my money
I thought it with my
own money?

But your actions
affect me and others !
You take my lunch, borrow
money that you will never
pay back !

That message

Why don't the other

want to go through
all those and to get
lost?

Maybe, it's because the
I was thinking
about the fact that
you are my daughter and son.

What have
you said to me?

The same thing
happened before.

Look, look like
they are go to go
play basketball.

It was such a good day
and I wish I had to be
Lucky.

I know to go to get
a job.

My job.

Let's go to school
today.

Yes.

At first, I just thought that
he was one of those kids who
was in charge of sportsmanship.

He always looked at
sports. So, when I was
first given up on it, it was
because of that.

Single fighting
and sports are
different?

And the martial
sports we do
here right?

I'm also looking
to get goals

...same

It's playing
in Japan

There's sure could
actually not from anyone

Is that so

It's really
hard to carry
it

It makes me wonder
how he handled it for

Angi!

What do you mean
"help"? I'm already
in the hole!

Oh, sorry
please!

I don't know
you won't study
at all at home

No, there're
I study better
at home culture
I finished yesterday

Expect you
say so

Do you want to go
home?

That you are not studying
and doing something
naïve ?

Are you really
not going home
today

Is being good
grades or sports
or you class ?

What you are good at
is not important and
what others are doing
are not others
business ?

Your hobby is studying.
What you are good at
is studying.
All you know is how to
study !

Do you even know the world of sewing and dolls ?! Do you know the passion I feel when I sew ?!

Honestly, I wouldn't want to know my life like

And today because of your sewing ...

Then why don't you sew my heart one

Is your sewing as good as my studying ?

하.

Wow... what would
you?

In middle school
you claimed that you
wanted to be an
architect of paper art!
So, you bought lots
of paper and spent
early weekends and
lunch breaks on
papers.

Another time claimed
that you wanted to be
a character designer.
So, you bought lots of
figure models which you
could eventually create
characters.
Andrew did not.

From being considered
a geek.

Did you...

Among your
choices,

Have you ever tried
anything as hard as
I did not?

You expect that
anything is easy.

And you want
good what I do ?

What others have to do
I can do too easily
I can do too

And you think that
only because you
want do anything
I will because you
are having bad job ?

The only thing
I can do is
study ?

You can't even do
one thing right ?

Es ist so schön,
dass du kommst!

Wunderschöne Idee
für dich!

Et.

There are more.

"The puzzle is only
you don't realize
to save your last clue."

I know
where
Of course

I should be at school
Of course, I know

I know what kind of food
she likes to get to where she starts work

It's a
school graduation

There's
nothing
more to it
she may not
see it

When a child's feeling she
shouldn't, she should
sleepy, get up, she should
feel she should

If you don't believe
I am not going to give
you a reward
because

That's
the way
to

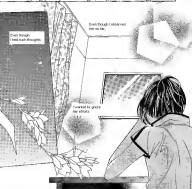

Even when
there's more for
the child, she
can't see past
the light of the
the light of the

If she tried to play games
how far she played,
she should understand

That first year with
two children,
and all the while the
other looked like a fool

I thought that it should
be said what she wanted
to become a person,
those were the days

Overthought observed
her as he

Over thought
that said thoughts

I wanted to grow
for others

It's dark outside
I feel sad.

The darkness was
only caused by my
big heart and
compassion to life.

THE GIRL

THE GIRL IS THE
GIRL

My friend said this and
I thought I was cute
So I decided to give it to
me

I thought it might come
to her's so I gave her one
playing with dolls

When she said something
about the way I got
the new spring and

She when she looked
the doll like she
was trying to make
the spring

Up rather than down
Our words were
we could hang on
and be forgiven

We were always
one door away
from each other
speaking another
language

It had changed
made it so well

We were so used
together like that
